The Policy

1. Introduction

In Hanson School we are committed to tackling racial discrimination and promoting equality of opportunity and good race relations. We are committed to achieving race equality to meet our statutory obligations under the Race Relations (Amendment) Act 2000. We will do this by working in line with the CRS Standard 'Learning for All' and by working towards the recommendations of The Stephen Lawrence Inquiry (2000). This policy explains what this means for our school and how we put it into practice.

2. Rationale

A commitment to race equality is a shared commitment to educational excellence and equality for all sections of our school community. It helps us to focus attention on improved planning, decision making, resource allocation, monitoring and assessing our achievements as part of the raising standards agenda.

Our policy encourages appropriate and effective personal training and development for staff and governors to ensure we improve student engagement for learning, job satisfaction for staff, parental engagement and representation of under represented groups within all levels of our staff and our governing body.

3. Commitment

Our school will actively promote race equality, oppose racism in all its forms and foster positive attitudes. Through this, we will provide a positive learning and teaching environment for the school community as a whole. We will do this by:

Treating all those in the school community (e.g., students, staff, governors, parents and the community) as individuals who are respected and valued for their abilities, beliefs, experiences, aspirations and potential.

Creating a school ethos which promotes and reflects racial equality develops understanding and challenges myths, stereotypes, misconceptions and prejudices;

Encouraging everyone in the school community to have a positive self-image and high self esteem so that they develop their full potential.

Having high expectations of all the school community and helping them fulfil their aspirations.

Facing equality issues openly, positively and effectively

Identifying and removing practices, procedures and customs which are discriminatory replacing them with approaches which are fair, accessible and relevant.

Monitoring, evaluating and reviewing outcomes to secure continuous improvements in all that we do;

Being open and fully accountable about our policy, its implementation and its effects.

4. Roles

Promoting race equality and raising the achievement of all students is the responsibility of the whole school. This policy outlines the roles and responsibilities of everyone involved and connected with the school so that everyone knows what is expected of them.

Governors

The governing body, having consulted with staff, students and parents, has agreed this policy. It will monitor the impact of this policy by reviewing the Action Plan annually. The Governing body will communicate the progress of its review to the school and to parents.

Principal

The Principal will demonstrate through personal leadership the importance of this policy. She/he will ensure that all staff are aware of it and understand their roles and responsibilities.

Pupils

Pupils will contribute to the development of the race equality policy and be made aware how it applies to them. They will be encouraged to treat each other with respect and to report incidents of a racial nature to an adult.

Parents

Parents were consulted on the development of the policy, particularly on aspects relating to communication and parental involvement. The policy will be available on our Website.

5. Implementing the Race Equality Policy

This policy is put into action through our action plan for promoting race equality and raising the achievement of minority ethnic students. We will identify areas for action responsibilities, and success indicators. We report to Bradford Education Authority annually

6. Monitoring the Race Equality Plan

Our school will monitor the impact of this policy and action plan on students, parents, governors and staff from different ethnic groups. We will monitor the impact of our policies on the attainment levels of all our students. We will collect information about students' performance and progress, including by ethnic groups. We will analyse it

and use it to examine trends. We will also monitor other areas that could have an adverse impact on students' attainment such as:

Exclusion

Racism, racial harassment and bullying

Curriculum, teaching and learning (including language, faith and cultural needs)

Punishment and rewards

Recruitment

Membership of the governing body

Parental involvement

Working in the community

Support, advice and guidance

Monitoring information will help us to see what progress we are making towards meeting our race equality targets and aims. In particular it will help us to:

Highlight any differences between students from different groups

Ask why these differences exist and test the explanations given

Review the effectiveness of current targets and objectives

Review other policies and resource allocation decisions

Decide what further action will be necessary to meet particular needs and to improve the performance of students from different ethnic groups

Rethink and reset targets in relevant strategic plans

Make links with performance management objectives which should include both quantitative and qualitative data

To take action to make improvements

Parent and students will be included within our reviewing of the policy

7. Assessing the impact of the policy

As a school we will monitor the impact of this and other policies on students, staff, governors and parents from different ethnic groups. We will assess whether the policies have or could have an adverse impact on the attainment levels of students from different ethnic groups. We will assess the effectiveness of our policies through existing arrangements for developing and reviewing other school policies.

8. Complaints Procedure

If any governor, member of staff, student or parent feels this policy is not being implemented properly then they should raise the matter with the Head Teacher who will take appropriate action. This may include an investigation and a report on the issue. If there is a formal complaint then the school's normal complaint procedure will be used. All complaints will be recorded and copied to Education Bradford for information.

9. Declaration of responsibility

This race equality policy was formally adopted by Hanson School on (May 2002).
