French Trip 2016

During the last week in June, 23 Year 7, 8, 9 and 11 students (and 3 staff) enjoyed a fabulous week in Northern France absorbing the culture and developing their language skills. On arrival in France we headed to the town of Boulogne where students immediately began to use their language skills whilst shopping for souvenirs and for their lunch.

Afterwards we went down to the beach to enjoy the weather and some beach games. The evening activity was 'Mini Olympics' where students took part in a variety of wacky races culminating in Mr Hayward's infamous shoe game.

On the second day we visited the chocolate factory in Beussent to see how chocolate is made followed by a return to Boulogne to visit the excellent sea life centre 'Nausicaa'. The evening activity was crêpe making.

Students visited Paris on the Wednesday where they had excellent views from the top of Montparnasse Tower and were able to see the sights from a cruise on the River Seine. The last full day was spent in Ypres, Belgium at Bellewaerde Theme Park where students had lots of fun on the rides. The students behaved impeccably throughout and were a credit to Hanson at all times. Even the Customs Officers at Calais remarked on what a lovely group they were!!

Next year's French Trip will be launched in September. See the Plasmas for details.

Spanish Trip 2017

In June 2017 we are hoping to take a number of Hanson students to Barcelona, Spain in aid of their studies, to develop language skills and to improve their cultural awareness. The trip has been hugely popular in the past and will be launched shortly. See Senor Recalde for a trip letter.
